

E10

High performance E10 Drift & Touring cars to set a new standard for entry models

HPI Racing proudly introduces the new E10 series, entry-level cars with authentic drive performance and ingenuities you can never expect from toy cars.

E10 DRIFT MORE SUITED FOR DRIFT DRIVING

E10 TOURING MORE SUITED FOR STREET DRIVING

High-performance digital radio system with dual rate (AM)

With a high-performance radio system, the E10 takes finely-tuned throttle and steering responses and shows very smooth drive performance. With a steering dual rate included in the E10, you can adjust turning radius with the radio.
